

Are We There Yet?

Follow the directions below using your map of Antarctica:

1. Antarctica is a large area of land that is completely surrounded by water.

Color all of the water blue.

2. Ann Bancroft and Liv Arnesen will start the Bancroft Arnesen Expedition from Queen Maud Land.

Draw a purple circle around Queen Maud Land.

3. Ann and Liv will reach ski past the South Pole on their trip.

Draw a red star on the South Pole.

4. Ann and Liv will ski through mountains in Antarctica. They are called the Transantarctic Mountains.

Color the Transantarctic Mountains brown.

5. After passing through the mountains, Ann and Liv will ski across a large piece of ice called the Ross Ice Shelf.

Color the Ross Ice Shelf green.

6. The Expedition will end when Ann and Liv reach a place called McMurdo Station on the other side of Antarctica.

Draw a yellow square around McMurdo Station.

7. It will take Ann and Liv 4 months to finish their trip.

Trace the path Ann and Liv will take in orange.
